

ATS Match Summary

Your estimated ATS match score is **50/100**.

Matched Skills

excel

Missing / Weak Skills

No major missing skills detected from the keyword list.

Resume Improvement Suggestions

- Add missing JD keywords naturally in your Skills and Projects sections.
- Rewrite project bullets with measurable impact, tools used, and business outcome.
- Add a dedicated GenAI/RAG project section if targeting AI/Data Science roles.
- Include deployment details such as Streamlit, FastAPI, Docker, or cloud hosting.

Strong Project Bullet Example

Built a RAG-based GenAI application using Python, LangChain, ChromaDB, embeddings, and Streamlit to analyze resumes against job descriptions, identify skill gaps, generate ATS scores, and provide grounded recommendations.

Interview Questions You Should Prepare

1. How did you build the RAG pipeline?
2. Why did you choose your embedding model and vector database?
3. How did you reduce hallucinations?
4. How did you evaluate retrieval quality?
5. How would you deploy this for real users?
